

Methodology

Monetary statistics

Monetary financial institutions

Monetary financial institutions in Montenegro consist of all institutional units included in the sub-sectors of the Central Bank and companies receiving deposits other than the Central Bank (banks).

Tables 1.1 – 1.11

Data sources for the compilation of monetary statistics of monetary financial institutions are the balance sheet of the Central Bank of Montenegro (CBCG) and data submitted by banks in accordance with the Decision on Reporting to the Central Bank of Montenegro.¹

All monetary overviews (Tables 1.1- 1.11) show the balance of balance sheet positions of the CBCG and banks as at the last the balance sheet date.

Table 1.1: CBCG Survey

The overview shows assets and liabilities of the Central Bank of Montenegro.

The CBCG net foreign assets represent the difference between claims on, and liabilities to, non-residents. CBCG claims on non-residents include SDR holdings and interest and remunerations on SDR holdings, foreign currency included in official reserve assets, foreign currency deposits included in official reserve assets, foreign currency securities included in official reserve assets, claims arising from the membership in international financial institutions and other foreign assets. CBCG liabilities to non-residents include liabilities arising from its membership of international financial institutions and other foreign liabilities.

The CBCG claims on other depository corporations refer to fees for payment operation services, supervision fees, credit register fees and other claims.

The CBCG net claims on the Central Government represent the difference between claims on, and liabilities to, the Central Government.

The CBCG claims on other sectors are receivables from business operations of the nonbanking domestic sectors.

The CBCG liabilities to banks include banks' settlement accounts with the CBCG, allocated reserve requirements, and liabilities for interest calculated on a part of the allocated reserve requirements.

Other items net include all unclassified assets and liabilities of CBCG, including nonfinancial assets, claims and liabilities to employees, provisions for losses.

¹ OGM 64/12, 83/17, 24/18. 39/18 and 37/19

Liabilities to other depository corporations include allocated reserve requirements and other liabilities, i.e. banks' deposits.

Liabilities to other sectors include transferable and other deposits of domestic financial institutions, except banks.

Total CBCG capital includes the CBCG founding capital, undistributed profit and reserves, and profit retained for the current period.

Table 1.2: Other Depository Corporations Survey

The overview shows claims and liabilities of banks operating in Montenegro.

Net foreign assets of banks represent the difference between claims on, and liabilities to, non-residents. Claims on non-residents comprise cash in vault, banks' deposits in foreign banks/financial institutions, investments in foreign securities (except shares), loans disbursed to non-residents, shares and other equity, and other claims. Banks' liabilities to non-residents include deposits by non-residents, liabilities for securities issued (except shares), liabilities for loans taken from foreign banks/financial institutions and other liabilities.

Banks' claims on the CBCG refer to claims arising from their settlement accounts and allocated reserve requirements held with the CBCG.

Banks' net claims on the Central Government represent the difference between claims on, and liabilities to, the Central Government. Claims on the Central Government are comprised of receivables for purchased Treasury bills and disbursed loans. Banks' liabilities to the Central Government include demand deposits and time deposits of the Central Government held in banks.

Banks' claims on other sectors refer to claims on domestic non-banking sectors for disbursed loans and securities.

Other items net include banks' net claims from other resident depository institutions, advances, all unclassified assets and liabilities, including nonfinancial assets etc.

Deposits in domestic banks comprise demand and time deposits of the domestic nonbanking sector.

Total capital of banks covers banks' founding capital, undistributed profits and reserves and profit retained for the current period.
